

User Guide:

Lookbook Product Tagging Extension
For Magento 2

Installation:

1. Upload the extensions package to your Magento root directory and unzip it.
2. Connect the ssh console and cd to the root directory of your Magento installation. You'll need to include google API client for this module:
composer require google/apiclient
3. Please run the below commands:
php bin/magento setup:upgrade
php bin/magento setup:di:compile
php bin/magento setup:static-content:deploy
php bin/magento cache:clean
php bin/magento module:enable Coduzion_OneTapGoogleLogin
4. After running the above commands, Flush the store cache.
5. After this, log out from the backend once and log in again.

Backend:

To create Google client id and secret id, go to

<https://console.developers.google.com/cloud-resource-manager>

Help document:

<https://developers.google.com/identity/gsi/web/guides/get-google-api-clientid>

Back-end:

Go to **Store > Configuration > Coduzion** to enable and configure extension.

Back-end:

Tag your products on specific area of added image.

The screenshot displays the 'Edit Lookbook 1' interface. At the top, there is a search icon, a notification bell with '1', and a user profile labeled 'admin'. Below this is a navigation bar with buttons for 'Back', 'Delete Lookbook', 'Reset', 'Save and Continue Edit', and a prominent orange 'Save Lookbook' button. On the left, a sidebar titled 'LOOKBOOK DETAILS' contains 'General' and 'Add Markers' (the latter is highlighted with an orange bar). The main area features a living room image with three product markers: 'Wall Glasses @\$99' on a wall, 'Tea Table @\$899' on a coffee table, and 'FancyTop \$55' on a sofa. A modal window titled 'Add Markers Information' is open, containing a text input field and a 'Save Marker!' button. An arrow points from the bottom right towards the modal. A 'Save Markers' button is located in the top right corner of the main image area.

Back-end:

“Save Lookbook” to check your configured lookbook on front-end.

The screenshot shows the back-end configuration interface for a Lookbook. At the top right, there are navigation buttons: "Back", "Delete Lookbook", "Reset", "Save and Continue Edit", and a prominent orange "Save Lookbook" button. On the left side, there is a sidebar with "LOOKBOOK DETAILS" and a sub-menu with "General" (selected) and "Add Markers". The main content area is titled "General Information" and contains the following fields:

- Lookbook Title ***: Text input field containing "Test Home Interior".
- Lookbook Image ***: Includes a "Choose File" button, the text "No file chosen", and a "Delete Image" checkbox.
- Status ***: A dropdown menu currently set to "Enabled".
- Image Alt**: Text input field containing "Coduzion".

Below these fields is a "Show / Hide Editor" button and a rich text editor toolbar. The toolbar includes icons for undo, redo, paragraph style (set to "Paragraph"), font size (set to "14px"), text color, background color, bold (B), italic (I), underline (U), bulleted list, numbered list, and link. The editor area contains a single line of text: "Home Interior Description".
